Volume 68

The 1993-1994 school year has been crazy to say the least. We saw a very crazy spirit week with excellent student participation. You know it had to be a crazy year when teachers and students dressed up in bikinis and tank tops in the dead of winter to show their school spirit. Also new this year was the addition of a spirit week for the girls sectional. On the academic side, things were also a bit crazier than usual. The student body got a new leader when Mr. Balka became principal. For the first time in six years, early graduation was reinstated. For the first time in the history of the Northeast Dubois School Corporation, Saturday school was required for students who were born to be wild. You may think that it's a little insane to go to school on Saturday and to wear tank tops when it's thirty degrees, but what else can you expect from a really crazy year.

ALL PUMPED UP for the anything goes tricycle race is senior Chris Burke.

GOING ALL OUT for pajama day are seniors Ryan Baer, Rodney Wolf, and Adam Linvington. Seniors particularly get involved in spirit week, knowing it is their last year.

A Really Crazy Year

Summer day always brings out many bikinis, although most of them end up on guys wanting to outdo everyone else.

Enjoying their roller coaster ride at King's Island are seniors Aaron Starr, Scott Brosmer, Jeremy Betz, and junior Michael Seger.

Holding on tight to their harnesses on the Vortex are Mary Merkel, Angie Hemmerlein, Mr. Mills, and others.

Asking "Why me?" is Mr. Betz as he gets a wig from Mrs. Denbo and the cheerleaders.

Really Outstanding Seniors

The class of 1994 stood out in many ways. The senior class had outstanding students both academically and athletically. Academically, the class of '94 was one of most competitive. Many students were trying their best

to move up past the next person's ranking in the class. Grade Point averages had to be calculated to the nearest thousandth of a point to determine class rank. Athletically, three-fourths of the senior class competed in sports. The seniors of 1994 loved to get involved in sports. Especially ambitious seniors were involved in as many as four sports.

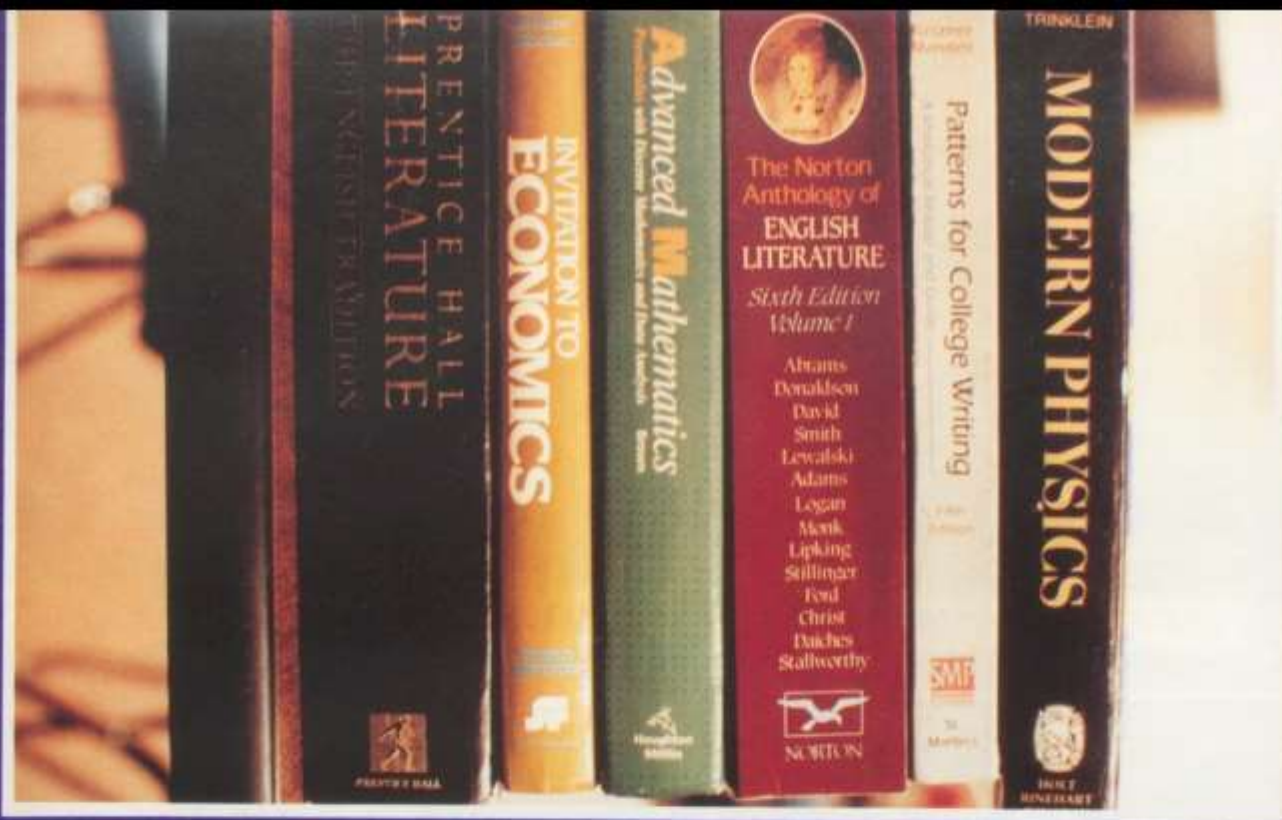

RIGHT: THESE BOOKS call for hard work and determination. To make it through classes such as these, one must have patience and a big locker.

SEEING SENIORS WITH letter jackets has become a common sight. At last count, there are 13 seniors who can boast that they have earned enough points to have a letter jacket.

FOUR-YEAR VARSITY starters are hard to come by, but not for the class of 1994. Six seniors, including Aimee Stetter, Heather Wortinger, Tracy Meyer, Jason Knies, Rodney Wolf, and Kyle Werner, can say they have played on Varsity teams all four years.

STUDENTS WHO HAVE perfect attendance all four years are very rare, although three students have this bragging right. Rain, sleet, or snow, you can count on Aimee Stetter, Jarrod Beck, and Jeremy Betz to be in school ready to go.

IT IS AN honor to be in the top ten percent of any class, but to say you are in the top seven of the class of 1994 is outstanding. Mere tenths of a point make a huge difference in these students Grade Point Averages.

Senior Survey

The seniors were surveyed over the winter about their future plans. Included in the survey were questions about their career choices, intended major (if they go to college), and whether or not they were going to leave Dubois County after graduation. When asked about their plans after graduation, a great majority of the students said they

planned to go to a four-year college. When surveyed on whether they would move or not, more people preferred to stay versus leave.

Major

Career Choices

For the first time in six years, the students of Northeast Dubois had the option of early graduation. The option was dropped in 1988 after the State Board of Education changed graduation requirements from 36 to 39 credits. They also required a fourth year of English to be taken. Early graduation was reinstated because of high drop out rates. The following nine students took advantage of seven semester graduation: Brook Hall, Mindy Schneider, Joline Kerstiens, Kellie Harner, Steve Wilson, Adam Burke, Duane Thewes, Jeff Kluesner, and Ryan Burgan, (not pictured Roy Beckman). One entered college, the others entered the work force.

While cadeting for her second grade class, Amy R. Gutzsell grades spelling tests.

Two students chose to take advantage of courses offered at other locations. Seniors Stacey Land and Jaime Brosmer attend the Health Professions class at Jasper which includes both classroom training and hands-on experience in medical facilities.

The sponsors of the junior class are Mr. Schipp and Mrs. Meredith. The juniors held their annual fund raiser this fall by conducting their magazine sales in which they raised a total of \$3,342.88. This money will be used for prom, the colored section in the yearbook, and the senior trip the juniors will take next year. Each year two girls and two boys are selected by their teachers to represent their class by attending Girls State and Boys State. The junior representatives were Angie Hemmerlein, Andrea Kalb, Mark Schroering, and Michael Seger, while the alternates were Gretchen Bair, Danyelle Meredith, Ottie Voegerl, and Adam Knies respectively.

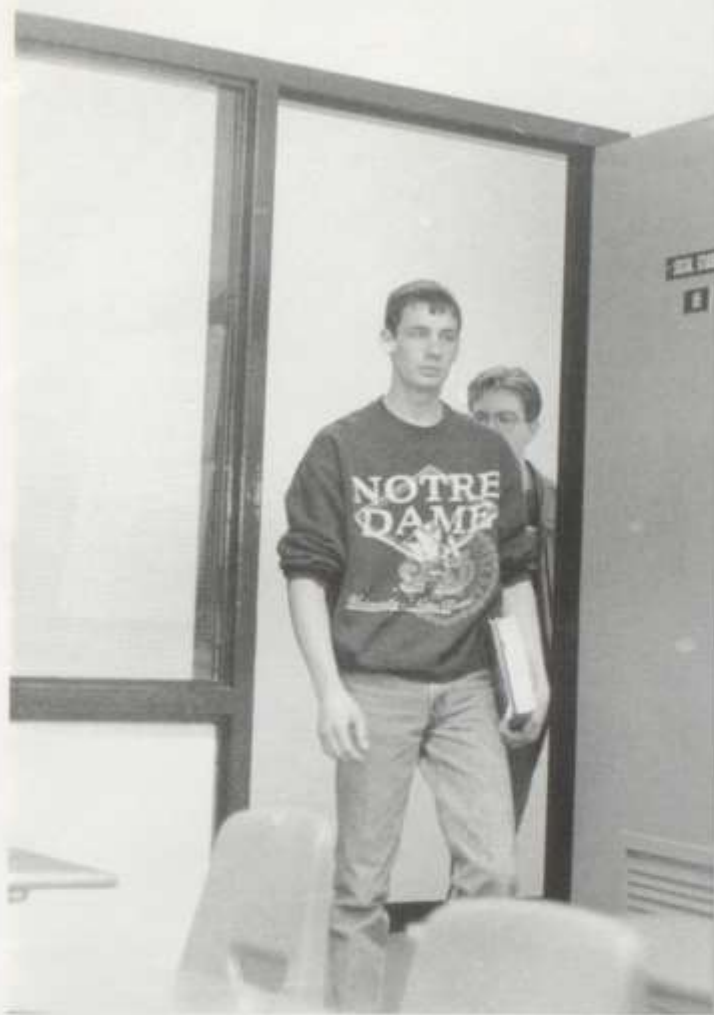

SHOWING HER GOOD sense of humor at Holiday Ball is junior Stacy Love.

DURING THE BETA Club induction, sophomores Garren Heeke and Chad Butler light their candles symbolizing their initiation.

The class of 1996 has 30 girls and 48 boys totalling 78 students. Their sponsors are Mr. Gladish and Mr. Elliot. Each year a committee is formed to decide the design of the jacket. The committee consists of the class officers and one representative from each of Mr. Gladish's English classes. This year the committee decided to make two jackets available, so that each person could choose. The sophomores could choose either a blue wind breaker or a gray wool jacket. With one major class decision over, the sophomore class can look forward to two more years of tough decisions.

HAVING A WONDERFUL time at the Holiday Ball is sophomore Misty Sendelweck and her date sophomore Jamie Nelson.

WITH A PUZZLED and confused look, sophomore Jason Reckelhoff tries to find Mrs. Himself.

We asked the sophomore class the following question: If you could marry anyone in the world who would you choose and why?

Try to guess who gave the following responses.

Kevin Costner, because he is so sexy and has a great butt.

Tom Cruise, because he is rich and cute.

That girl from the new Aerosmith videos. She would have to be one of the hottest babes there is out there. She is probably rich too, and that would be cool, because I would not have to get a job, and I could live in a mansion and drive a Ferrari. I hope you don't know who I am.

Trisha Yearwood, because she is wild, good looking, and a great singer.

Adam Livingston, because we have been together for a long time and I want to spend the rest of my life with him.

The man I love.

Cathy Ireland, because she is a super hot model and is probably very rich and she acts like she is a very nice girl.

SOME OF THE freshmen basketball players go all out for spirit week's blue and white day.

The freshman class ('97) consisted of 87 students. This class was one of the largest classes we've had at Northeast Dubois. There was a mixture of people with all different kinds of personalities. This year the freshmen got to pick out the class rings from Josten's. Most freshmen decided that they like high school better than middle school although there was a lot of new things to adjust to. Most freshmen agreed that the worst thing about high school was getting passed in the lunch line by upper classmen.

Freshmen class officers were: Adam Starr, President; Shawna Knies, Treasurer; and Erica Quinn, Secretary.

The Blue Revue

'93 Marching Band

The 1993-94 Marching Band consisted of 87 hard working students. Seniors, Tara Sendelweck and Brian Kluesner led the band as field commanders. The band also had the leadership of 13 other seniors. The band awards included first place victories at an Evansville Invitational, Tell City, and South Spencer. They also qualified for Regional at their District Competition. The band needed a score of 55 to qualify for State which they missed by only one-tenth of a point. The guard's most outstanding competition during the season was at Terre Haute where they placed first out of 14

other guards. Another accomplishment by the marching band was marching in the filming of the movie "Blue Chips." It was filmed over the summer in French Lick.

The theme this year was "The Blue Revue." It included songs such as Birth of the Blues, Blue Skies, My Blue Heaven, The Blue Danube, and Rhapsody in Blue.

Overall, the band had a good year with the energy of Mr. Pennington leading the band and Kristi Boeglin instructing the guard.

SPELL BOWL

That Makes Four

AT THE PEP session for fall sports, the senior spell bowl members give their thoughts on this years spell bowl team.

The Spell Bowl team consisted of 13 members. With three returning seniors, Jessica Pankey, Elaine Schepers, and Jason Knies. They are coached by Connie Himsel. The spell bowl team won first place in the 1993 District Contest at Ferdinand, spelling 69 out of 90 words correctly. This was good enough to move on to state competition. The spell bowl team features a team concept with no individual winners. Two-hundred and thirty-nine teams competed in

State Finals for only thirty berths. The spell bowl team won the small-school championship at the 1993 Hoosier Spell Bowl competition. They spelled 82 of 90 words correctly, which was good enough for a tie with "Perennial Nemesis" Kouts, however the Jeeps defeated the Kouts in a tie breaker round. The Jeeps have won four state championships in the past seven years and are looking forward to future championships.

The Era of Man and the Moon: 1957-1972

Academic Bowl

The topic for this year's Academic Bowl was the era of man and the moon. This era fell between the years of 1957-1972. Each team studied events that occurred during those years. The Blue Chip Conference was held on March 17 at Vincennes Rivet High School. There were eight schools in their class. The Science and Interdisciplinary teams both came

in second place. The Fine Arts team came in third. District Competition was held April 19 at Vincennes Lincoln High School. The Fine Arts team came in first with a score of 16. They needed a score of 17 to qualify for state competition. The English team came in third with a score of 18. They also did not qualify for state competition.

Many students have already gotten a taste of the real world. Whether it be working a part-time job, or helping out on a farm, or whatever, most of us at NDHS can say we have at least a taste of the real world whether it be our choice or not. For some, a job is just to keep one busy, for others a job is their source of income for food and clothes. A job is a reality for many students.

SOME STUDENTS, LIKE junior Ryan "Bubba" Ebert, find a job related to school. Ryan is a part-time janitor for NDHS.

I work at Headquarters in Jasper. Even though I may not like it all the time, it makes me money.-Kim Rottet

Real Crazy Time

It's FRIDAY! We all love to hear that sound, when you don't have to school for two days and you can stay out late and party. the average person's curfew is between midnight and 1:00 a.m. Well,

you can cut loose, do what you want when you want. You can cruise around town, go to the movies, or the all time favorite— roller skating. Yea right. Get Real!!

CIRCLE A IS more than a gas station, it is a gathering place for students to talk until they are asked by management to leave.

On weekends during the summer, I go skiing and tubing on the boat with Audrey Betz.-Freshman Camille Matheis

On weekends, I go to Shoals to goof off with my cousins and friends there. -Sophomore Billy Smith

WHAT'S REALLY HOT!

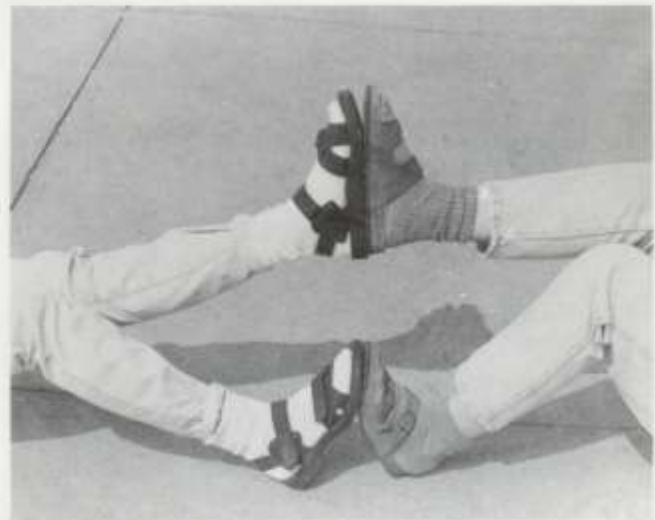

Like every other year there are many new hot items that everyone would like to have. Shoes are an ever-changing hot item. Every year there is another new style that is outrageously priced. To avoid the high prices, one can buy a pair of sandals fairly inexpensively and still

be in style. Another popular item has been Beavis and Butthead apparel. Everyone gets a kick out of reading their T-shirts. Also hot are No Fear shirts to go along with Coed Naked shirts. While these may not comply with the dress code, they are worn by many students.

CD'S ARE ANOTHER hot item. While some items are only popular for a few months, CD's are here to last.

ONE MAY THINK that these people just came out of the Army, but combat boots are the latest fashion. One can see many of these walking up and down the hallways.

SHOWN HERE IS one of the many banned Beavis and Butthead shirts. Everyone showed up wearing them at the beginning of the year, but by the end they were nowhere in sight.

SANDALS ARE THE latest fashion. One can wear these with anything and they are also very comfortable.

The cost of everything we need and want, has increased dramatically from the time our parents were teenagers. When we hear that gasoline prices were once 25 cents per gallon, we find that hard to imagine. In our thirteen years, we have seen the prices of lunch rise from \$1 to \$1.25. The cost of entertainment can also be quite expensive. A movie ticket costs \$5.00, and that does not include the cost of any refreshments. For the average student, it costs from \$20 to \$50 to make it through a week. The difference in cost from one person to the next depends on many factors. One would be whether or not the person has an automobile. Another factor is a job. If you earn your own money and do not rely on an allowance, it is easier to spend more.

Throughout our life, the price of the items that we need and want will only increase. One day we will be telling our children about when gasoline was only \$1.02 per gallon and the cost of a movie ticket was only \$5.00.

CARS ARE THE most expensive item students own. The average car in the parking lot is worth around \$4500.

STUDENTS HAVE A variety of jackets with varying costs. Windbreakers run around \$25 and leather jackets about \$100.

SOFT DRINKS Can be as cheap as \$.20 from a grocery store or from a machine \$.50.

Showing Real Spirit

Spirit Week

For the fifth year, homerooms at Northeast Dubois competed in various events to show their school spirit. For the first time, spirit week events were held during the girls' basketball sectional. The competitions that were held at this time included pajama day, blue and white day, and an event in which students rolled toilet paper with their noses. The points that were accumulated from these events were added to the points from the events

during the boys' basketball sectional. The dress-up days during the boys sectional were summer day, mourning day, and blue and white day. New events for this year were panel decorating, a teacher competition, a shootout, and reciting the school song. They also had the usual events of tug-of-war, volleyball, skits, anything goes, and the spirit relay. Mr. Mills homeroom won the spirit relay, panel decorating, the shootout, and the vol-

Remembering Who is Important!

In October, both Girls and Boys FCA participated in the "prayer at the pole". All US. FCA clubs prayed at the same time, 7:30 to 8:00 a.m. The club also hosted a prayer night for the student body, for National Day of Prayer. Pizza was provided for all students who attended. The girls sold Tom-Wat, for which they received T-shirts and sweatshirts. For commu-

nity service they had a Free Throw-a-Thon for the Brett Mundy family. They purchased books for the school library on teen values and faith.

The boys FCA had a "manly man" hunt. All the guys in the club met at Mr. Haworth's house and participated in such activities as: football, capture the flag, and wiffle ball.

Making Dreams Reality

Girls Cross Country

The 1993 Girls Cross Country team had the best season ever at Northeast Dubois. The girls compiled 56 wins compared to just 3 losses. All three losses came against a ranked Floyd Central team. The girls missed going to State by one place. Their season highlights were winning the Blue Chip Conference, the Sectional, and the Regional. Senior Jamie Brosmer made it to State individually. She placed ninth at the Semi-State and became the first girl from Dubois County to participate at the State

meet. At State, she finished sixty-first out of 130 runners.

Mrs. Schulthies said "The girls cross country team reached a whole new plateau of competition this year. They began the season as individuals and developed into a team with leadership. Despite adverse weather conditions (mud, rain, snow, and sleet) they made their goals a reality. As a first time state competitor, Jamie raced well on the windy, snowy, cold course. She finished thirty-first out of

a field of 130 runners with a time of 15:56.

To top the season, Jaime Brosmer and Elise Denu made second team Class A ratings. Audrey Betz, Marie Weyer, and Mary Merkel Made the Honorable mention ratings. I felt this year was an enjoyable season with much rejoicing and many tears. Even though the girls did not reach their state goal they had a season to be proud of. They truly make any coach's dream a reality."

Having Fun

JV Volleyball

The 1993-94 Junior Varsity volleyball team showed steady improvement throughout the season. The team consisted of one junior, five sophomores, and eight freshmen. Despite their inexperience, the team ended the season with five victories and fourteen defeats. The final record of the team does not accurately reflect the type of season the team had. Many of the matches were well played and very close. The team showed hustle, determination, and positive attitudes each time they took the court. The team worked very hard this season, but also had a lot of fun.

The Junior Varsity team had a new

coach, Amy Englert. The girls said that they liked her as a coach and enjoyed playing for her. The team's victories this season were against Paoli, Pike Central, Marian Heights, and two wins over Washington Catholic. One of the victories over Washington Catholic occurred during the competitive Southridge Tournament. At the Fall Sports Awards Banquet, Erin Striegel was named the Most Valuable Player Award and Shelly Mehringer received the Serving Award. They work extremely hard, they're quick, they shoot well and most importantly they have the love of the game and the desire to win. They showed up ready for practice everyday. It wasn't easy to get fired up for practice every morning at 6:30, but this freshmen group sure did. They were a joy to coach and I wish them all the luck in their future." Also for the first time in the school's history, the seniors chose black shoes. The first half of the season started off slowly. Adjusting to a New Coach

Cheerleading

The 1993-94 cheerleading season started with a new coach. Along with a new coach came a new and harder practice schedule. The cheerleaders practiced two nights a week from 3:30 to 6:30 all year around. Structured practices included building cheerleading skills as well as athletic fitness training.

The varsity squad consisted of eight cheerleaders rather than the usual five. The cheerleaders sponsored several fundraisers such as a bake sale, car wash, and sold shirts to raise money to go to a camp at St. Mary College at South Bend. The monies raised also

went for new uniforms and the purchase of megaphones for the cheer block.

Seventy-five students participated in a cheerleading clinic held at NDHS for all ages up through the eighth grade. The cheerleading squads also choreographed a dance routine and performed it as halftime entertainment at a basketball game. The performance included the songs, "Come Baby Come", and "Boom Shake the Room." The Darrel Friedman Outstanding Cheerleading Award was earned by Ryan Baer.

1993-94 Junior Varsity Cheerleaders: Kerstin Leistner, Brianne Heeke, Melissa Hopf, Tracy Lampert, Kyle Meredith, and Angie Helming

1993-94 Varsity Cheerleaders: Renee Neukam, Marie Weyer, Kristy Jacob, Amy Sander, Farrah Smith, Jennifer Pankey, Ryan Baer, and Heather Wortinger

Renee Neukam, four year high school cheerleader, attended COA Nationals in Florida. Renee plans to go to VUJC and become a medical secretary.

Amy Sander, four year high school cheerleader, will be going to USI in Evansville.

Farrah Smith, four year high school cheerleader, will be going to college in Evansville at USI. Farrah is unsure whether or not she will be trying out for cheerleader.

Ryan Baer, four year high school cheerleader, has received numerous gymnastic medals and also the Darrel Friedman Outstanding Cheerleader Award. Ryan has been accepted at Methodist College in Fayetteville, NC to be a cheerleader.

Heather Wortinger, one year high school cheerleader, will be going to IU and majoring in physical therapy or a career as an athletic trainer.

TRYING TO GET the adult season ticket holders to join in a cheer is senior Amy Sander.

A Season Of Change

Girls Tennis

The 1993-94 Girls Tennis team ended the season with a record of twelve -seven. The team won the Blue Chip Conference title with a record of five wins and zero losses.

This was a season of change for the team because Tina Terwiske took over as the varsity coach. In her first season as varsity coach the team made it to the final game of the sectional only to lose 5-0 to a very strong Jasper team. The team defeated Forest Park and Springs Valley in order to meet up with Jasper in the final game.

Tracy Meyer was named the team's Most Valuable Player, Tara Hall received the Most Improved award and Heather Wortinger earned the Mental Attitude Award, and Misty Sendelweck received the J.V. Frosh-Soph. Award.

THE THREE SENIORS of the 1993-94 tennis team are Heather Wortinger, Tracy Meyer, and Dawn Schnell.

"We played as a team and it payed off. One of the highlights had to be going undefeated in conference. Dawn and I will never forget the three set match with Forest Park for the conference title."-
H.Wortinger.

"I loved this year's tennis season. Everyone was real close. We worked towards the same goals and made them happen. I'm gonna miss it."-
Senior Tracy Meyer.

"This year has been the best for me. We won the Blue Chip Conference and Heather and I went undefeated that meant a lot to us. I think the team was always close but we really came together."-D. Schnell

Playing To Win

Varsity Baseball

The 1994 boys baseball team had the best record at Northeast Dubois High School since 1988. The team ended the season with a record of 16-11. The Jeeps reached one of their goals by becoming Blue Chip Conference Champs, with a 7-1 conference record. Another highlight of the season was defeating Heritage Hills for the first time in school history. Many records were broken this season. For example, the team broke the record for triples in one season by hitting 12. Kyle Werner broke 5 records, including the following: most at-bats in a career, most doubles in a season and a career, most career strikeouts and

wins by a pitcher.

The baseball awards banquet was held on Thursday, June 9, 1994. Kurt Werner and Bill Mattingly received the Most Improved Award. The Pitching Award went to Kyle Werner. Ryan Lampert received the Mental Attitude Award. Jason Knies won the Hitting Award and was voted MVP by his fellow teammates. The pitching staff as a whole had 15 games in which one pitcher worked the complete game, and Kyle Werner pitched a no-hitter against Vincennes Rivet. Despite their hard work, the team was defeated by Pike Central in the first game of the sectional.

The

THE ROAD NOT TAKEN

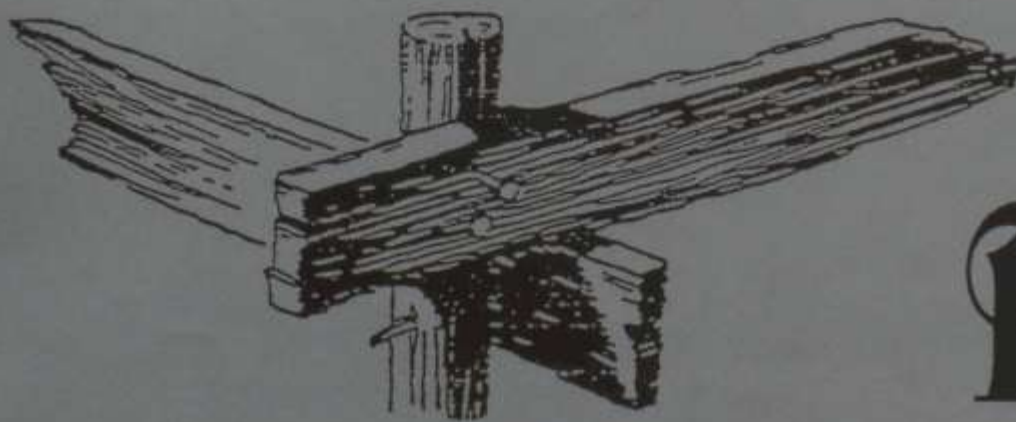

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.

Robert Frost
